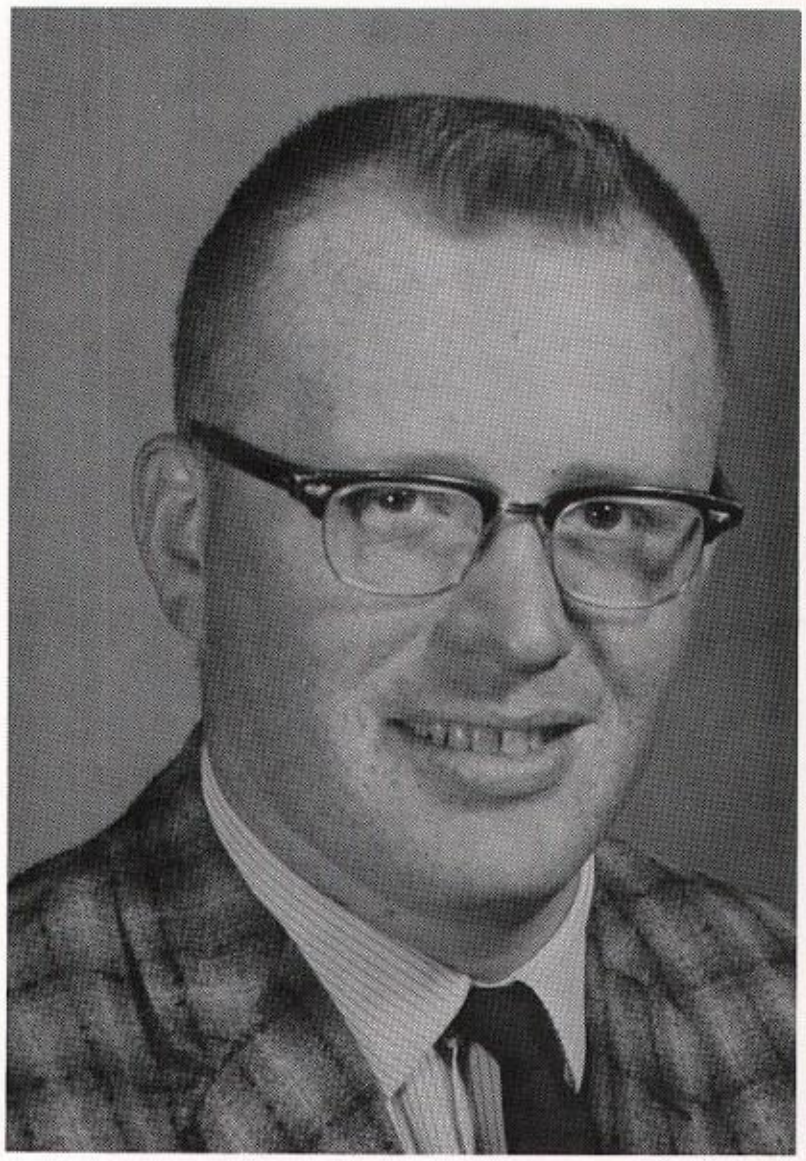
Class of 1973

Dedication



Mr. Wes Sullivan

We, the graduating class of 1973, would like to dedicate this yearbook to Mr. Wes Sullivan. Mr. Sullivan discontinued teaching last year after heading high school band, chorus, and special music classes. He also taught band and chorus at the junior high school.

He got the band to pep assemblies and games to promote school spirit, held annual concerts to show progress of his classes, and we feel has done a great job promoting KFHS Band.

By dedicating this annual to him, we hope to show our appreciation and gratitude for all he has done for our school.

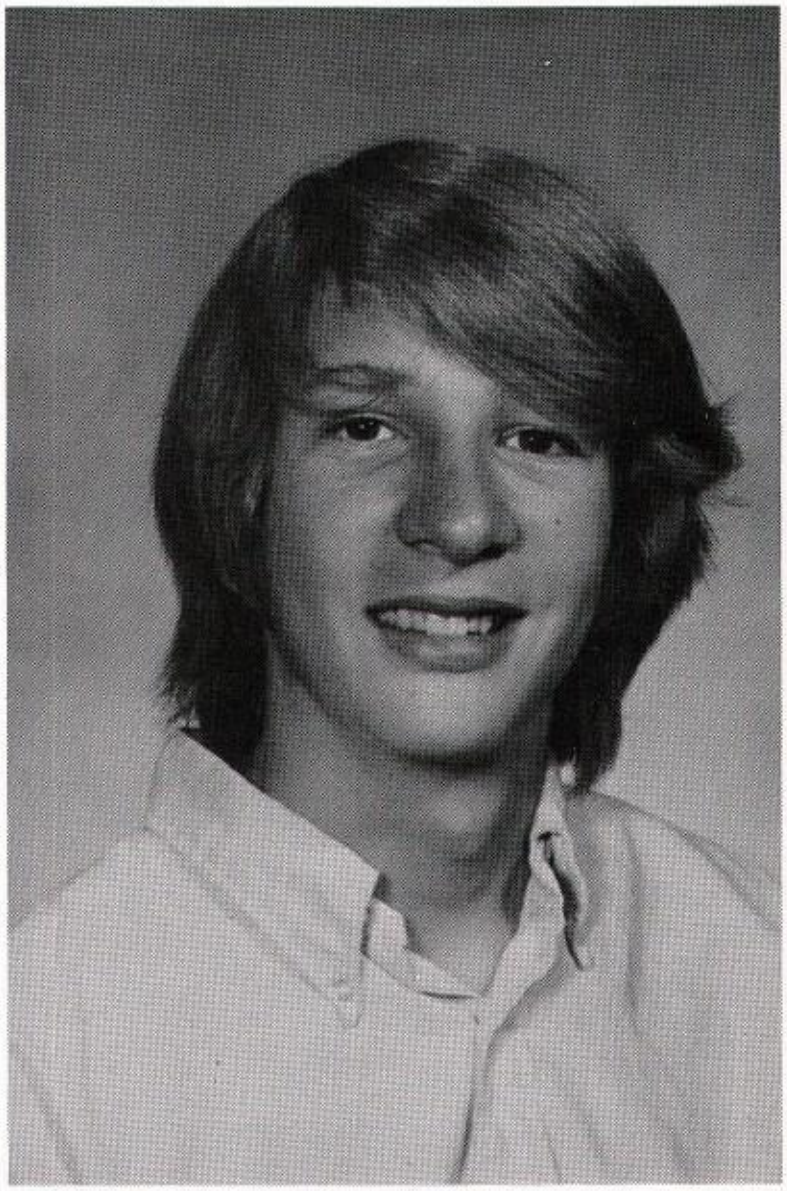
In Memoriam



Who Am I

I just wanna be
Someone most like me
That may sound easy-but
Who Am I?

For a few days I'll just
Go with the wind
And maybe she'll be going
My way

I don't wanna try
To be some other guy
I just wanna find out
Who Am I?

School Administration offers Creative Leadership

Congratulations and Best Wishes to the Graduating Class of 1973.

Let this thought be a guide as you continue the education that life offers.

Gerald N. Smith

Geniuses at work!!

Jackie learns at State!!!

On Valentine's Day members of the Annual Staff had a marriage-divorce booth to raise money for our Annual.

Although it wasn't very successful, it was a lot of fun organizing and running during noon hour.

Help me I'm stuck!!

I, Vivian Strong, will Randy's car to anyone who would like to try and get in it---Good Luck! I leave K.F.H.S. to the underclassmen with pleasure.

I, Diane Tracy, will my locker to any lucky stiff that gets it.

I, Debbie Tremblay, will my ability to get out of the ceramics room before I clean up my mess to Gail Body, who'll probably still be here next year, and my P.E. tennis shoe to whoever has the other one.

I, Steve Williams, will my 3 pair of sheep shears to Mike Hirsch, 1 pair of slip resistant cowboy boots to Calvin, and my two polished elk teeth to Jack Sphuler. I also will my fun-filled Senior year to Rose.

I, Tom Yoke, will my ability to get in and out of trouble to Ken W.

Class History

Quivering and shaking with fear and excitement, we fifty eager freshmen tropped into the Kettle Falls hallways, which looked mighty big to us then. We held our class elections, and after they were all over, the names left on the blackboard were as follows: President, Frank DePaulo; Vice President, Steve Williams; Secretary-Treasurer, Mari McDaniels; and Sgt.-at-Arms, Mark Gribble. Fall came, bringing football season and the carnival. The freshmen candidates were Norma Bruce and Frank DePaulo. On the night of the carnival, we placed last. Football season went very well ending with Kettle Falls in second place. Basketball season rolled around, bringing its ups and downs. After a lot of hard work, our boys went to state.

More confident than the year before, we, as sophomores, tramped into the school halls. Our fearless President was Betty Mathews with Gail Body as Vice President. Secretary Dan Bentley wrote down our minutes faithfully. Treasurer Steve Williams kept our money counted, and Rick Arnold as Sgt.-at-Arms had a tough job keeping the class quiet at our meetings. Our carnival candidates were Julie Clinton and Rick Arnold. The night of the carnival revealed the sophomores in fourth place. Football season went very nicely, but we were building up in basketball so we did not do so well. Julie Clinton, Gail Body, and Debbie Tremblay were cheerleaders for the "B" Squad boys. When the elections for A.S.B. officers came, Kathy Hirsch was elected A.S.B. Assistant Treasurer.

Summer vacation flew by swiftly. School started and quietly, as juniors, we strolled into the halls. Class elections were held and the junior officers were President, Bob Blazon; Vice President, Rick Burns; Secretary, Kathy Hirsch; Treasurer, Betty Mathews; and Sgt.-at-Arms, Eva Lathrop. Something new was tried when the senior girls challenged the junior girls to a powderpuff football game. Led by Coach Ron Bennett, the junior girls were thrashed soundly by the seniors. Carnival candidates for this year were Jackie Frostad and Don Snider. To our surprise and delight, we placed third the night of the carnival. Football signaled Homecoming and Julie Clinton became a Homecoming Princess. Football was not as good as in previous years, but we did not do too badly. As basketball season rolled around, we did beautifully. We won first place at the Jamboree, Christmas Tournament, League and District. With soaring hopes, we went to state, but were eliminated in two games. Promoting Spirit for the boys were Gail Body, and Debbie Tremblay as "A" Squad cheerleaders.

Seniors! We are now mighty Seniors. With heads high, we marched into the halls for the last time. Ken Anderson became our fearless leader with Don Snider assisting. Betty Mathews scribbled minutes, Mari McDaniels kept accounts straight and Steve Nair helped keep order in our meetings. The Drama, Chorus and Dress Design classes put on a musical called "Pistol Packin' Sal" between football and basketball season. Both football and basketball teams were young and inexperienced, so the seasons were not too successful. Pam Schmidt was the only senior on the "A" Squad Cheerleaders. Homecoming was moved to basketball season and Julie Clinton again became a Homecoming Princess. Randy Lindsey and Pam Schmidt were chosen as carnival candidates. When the carnival was cancelled, we had the King and Queen Contest at one of our basketball games. We placed fourth. In the A.S.B. we have Randy Lindsey, President; Betty Mathews, Secretary; and Kathy Hirsch, Treasurer. Now with graduation coming, many seniors are looking forward to the event and a tearful farewell to these sacred halls of learning.

Class Prophecy

As we entered town, we were hailed by the now famous taxi-cab driver, Jim Raines, who volunteered to give us a tour of the big metropolis of Kettle Falls. Our first stop was Tom's Custom Meats where we greeted Tom Yoke and his wife, the former Kathy Hirsch. On our way again we ran into Mark Smith, the famous poll taker with his teddy bear. At late he was working on the election of "94" to see who the favorite presidential candidates are. Running for president we found out is John Kennedy. Finally, we got to the car and went on. Our next stop was at Don Snider's night spot, the Atherton Club, with his famous dancers and topless waitresses, Debbie Tremblay, Mari McDaniels, and Gail Body. After a nice visit we went on our way and came to the Kettle Falls Studio currently starring Steve Williams and his wife, the former Teresa Hirsch, in the comedy, "SENSUOUS WOMAN," written by the famous playwright, Bob Blazon.

Next we stopped at the newspaper office where the owner-publisher, Ken Anderson, told us that Julie Clinton proceeded to become more popular and took over Raquel Welch's job as Sex Symbol, and that Jim Bourgeau continued to pursue his career in football and basketball. Leaving there, we ran into Randy Lindsey, the current mayor of Kettle. His secretary, Wilma Gilmore, part time actress, was with him. On the other side of the street, Pete Anderson, who owns the auto-parts, called us over and introduced us to his wife, the former Kathy Hillock.

With need of refreshments we went on to Nair's Snare, where we were greeted by Steve Nair, the owner. His waitresses, Chris Cox and Diane Tracy, said hi. Dan Bentley, who was there at the time, insisted we come to his place next door for steaks. His waitress, Nancy King, greeted us with cheer and we enjoyed a fine meal. We found out from him that Jack Beardslee and Jim Rollis are riding with the Hell's Angels and that Diane Daily won a poetry prize. After we had rested a while, we went on to the biggest gambling joint in the country, run by Frank DePaulo and Pam Schmidt. There we found Rick Arnold and Ernie Riley playing roulette. Our old friend Norma Bruce was the money girl and waitress along with Mark Gribble, the rigger. Jackie Frostad, now a race car driver, pulled up at Mike Eslick's service station to talk awhile. Jeannie Marchinek, now a housewife, was bringing her three kids back from the circus, owned and run by Lorraine Lyons and Henry Michalk. We were then hailed by Debbie McKee to come have our palms read in her tea room. There we found Debbie Eslick also working with her. Just then Lee Ann Kifer, the famous nurse, came in and we had a nice chat. As we left, Mike Brigman, the town cop, showed us around city hall. Then last of all, we visited Ivan Deaver at the museum. Accompanying me on this trip were Marilyn Mace and Betty Mathews, the editors of a big magazine.

Frosh Add Talent to School Activities

Some 66 bewildered Freshman enrolled in K. F. H. S. this year. Most of them were friendly and tried to get along with upper classmen. A few of the new students were athletically inclined enough to be on some of the school teams. Bobbi Clemons served as the Bulldog mascot this year. Several with special abilities in music have contributed their talents to the high school band.

Filled with enthusiasm, these new high school students have participated well in pep rallies. Also they give the upper classmen someone to pick on. They play well on the teams. Our Freshman cheerleader, Lori Fredrickson, has been performing very well. This year the Freshman have really been participating in clubs and on teams.

Now for the Freshman's bad side. Although their end of the hallway was usually paper-littered, they added cheer and sparkle to the school, giving us upper classmen someone to clean up after. In the long run, though, they were pretty darn good kids and we heartily welcome them to Bulldog Country.

A broken ankle, two crushed vertebral discs, and a concussion sidelined three senior Bulldogs this season. Snider broke his ankle, and Nair crushed two discs in the Republic game. Both boys were benched for five games. Nair was injured when he tackled Republic's quarterback, who sustained a broken shoulder. In the Colville game, DePaulo got a concussion, which sidelined him for the Deer Park game. Later he was chosen a lineman on the Northeast A League All-Opponent team.

Closing their high school football careers, these seniors played tough, defensive ball against Selkirk.

These four Senior guys helped make our team what it was. Although we didn't win as much as last year, they fought a good fight, and we were always something to deal with. Much to our disappointment, Mark Gribble and Jim Bourgeau quit the night of our Homecoming game. But Steve Williams and Ken Anderson, our fearless Senior leaders, kept up and put out a really great fight! Congratulations Seniors! We are proud of you.

The Kettle Falls High School had a good season this year with a 12 win 7 loss record. The highlight of the season for them was their win over Colville.

Coached by Ron Bennett, the J. V.'s show promise for an even better season next year with the varsity.

We also had a "C" squad with a record of 4-0.

This is the cast of "Pistol Packin' Sal." This group is made up of the Drama Class, Chorus, Special Music and Dress Design.

There were a few last minute changes and a few times when everyone thought this musical would not get off the ground.

Hard-working Mrs. Crane, Miss Long, and Mrs. Jenneret made the musical the success it was.

The actors made up only a small part. People behind the scenes made the play run as smoothly as it did.

The Drama Class did other plays besides this one.

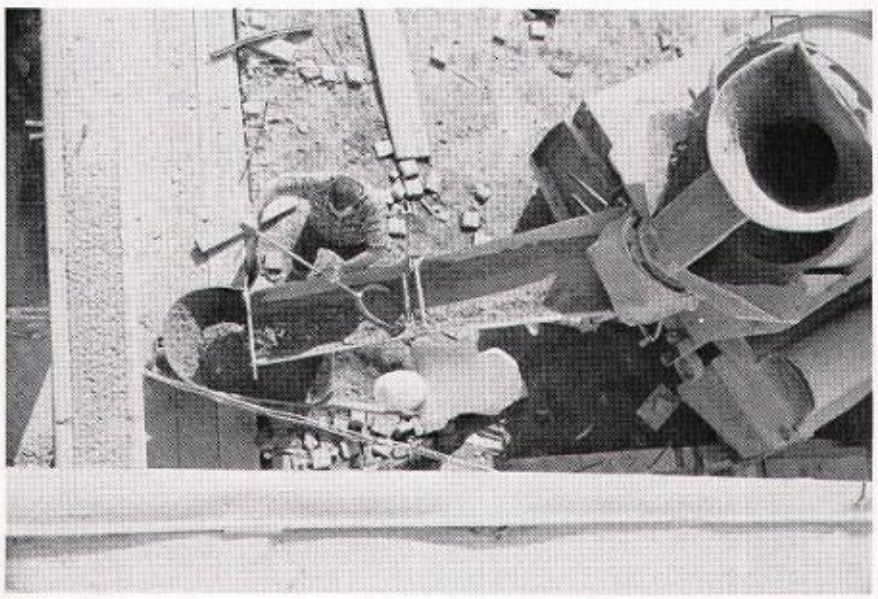
Construction Produces Hectic Days

We've got to stop meeting like this.



Is anybody looking?

When we left school on June 1, 1972, we left behind a school which was in what looked to us a mass state of confusion and incompletion. The new additions were half finished. But over the summer vacation, with students out from under foot, the workmen finished (or almost finished) the school. Upon arrival in September, we entered what looked like a completely new school....

Carpenters, bricklayers, electricians and plumbers contributed their effort toward final completion of the new school complex. The pictures on this page catch workmen in the new physical education area (formely the band room). Occupying new quarters, the band and chorus room is located south of the former metal shop, which has been modernized to house the art and crafts department. The typing department is now housed in the former woodshop with a shorthand-bookkeeping room adjacent in the former Vo-Ag classroom and graphics department.

A construction program during the 1971-72 school year modernized the front of the high school building, creating new office facilities, a large foyer, visitors' lavatories and a concessions room north of the gymnasium.

Completed in December 1972, a new facility added west of the high school houses 7th and 8th grades, a spacious resources center and an audio-visual storage room. Movable walls in this new area contribute to the versatility of the library and classrooms.

Two new classrooms, a metal shop, and a wood shop are housed in the new vocational building constructed south of the high school. This new, all-metal structure accommodated students for the first time in late January 1973.

Well-lighted, spacious and modern, these new facilities open a new chapter in the Kettle Falls educational program and provide an improvement in curricular offerings.
